

Changing The Way The World **Cleans**

**What does it do?**

This device creates **Stabilized Aqueous Ozone**<sup>TM</sup> on demand.

SAO<sup>TM</sup> replaces all-purpose chemical cleaners and is used in conjunction with your current disinfectant.

Tersano provides a standardized system to clean, sanitize and deodorize.

**How do I get started?**

- ✓ Cold Water
- ✓ Electrical Outlet
- ✓ Drain or Slop Sink

Fill buckets, bottles and auto-scrubbers knowing that SAO<sup>TM</sup> is non-corrosive to your equipment and surfaces.

**What does it replace?**

SAO<sup>TM</sup> is a residue-free cleaner and sanitizer replacing these commercial cleaners:

- All-purpose
- Glass
- Stainless Steel
- Neutral
- Deodorizers

SAO<sup>TM</sup> application includes:

- Floors
- Carpet
- Stainless Steel
- Glass
- Kitchen Tables & Chairs
- Bathrooms
- Handrails
- Appliances

No rinsing required.

**How is SAO<sup>TM</sup> safe for people & planet?**

- On-site generation eliminates transport, storing or mixing
- Reduction of carbon footprint
- Reverts back to water and oxygen thereby not impacting our planet and waterways

Changing The Way The World **Cleans**

? What does it do?

Tersano's **cartridge** is a patent-protected filtration system.

Cold water enters the cartridge, where resins remove select contaminants. Once stabilized, this water is ready to be infused with ozone and creates SAO<sup>TM</sup>.

Why have a cartridge?

The **cartridge** and **desiccant** are the mandatory components of Tersano's SAO<sup>TM</sup> system. It is what differentiates Tersano from other ozone technologies. Without the cartridge, SAO<sup>TM</sup> would not be able last up to **24 hrs** as an industry approved sanitizer and **6 days** as a cleaner.

How long does it last?

The cartridge will dispense 3,000 litres of SAO<sup>TM</sup>.

The flashing indicator light notifies that it is time to change the cartridge & desiccant.

- 6 day cleaner
- Up to 24 hrs sanitizer
- Dispense 3,000 litres
- Simple replacement of cartridge & desiccant

How is cartridge sustainable for people & planet?

- **Recycle & Re-Load** Program enables sites to return used cartridges **pre-paid** to Tersano.
- Significant reduction in transportation, inventory, storage and landfill waste.

Changing The Way The World **Cleans**

? What does it do?

**PROscrub** is Tersano's deep cleaner and degreaser lifting years of built-up chemical residues, dirt, grime and grease in just minutes. It is an excellent complement to your SAO™ daily cleaning regimen.

How do I get started?

- ✓ Cold Water
- ✓ Portable Dispenser (RTD)
- ✓ Slop Sink

Also available both in Ready-to-Use (RTU).

Where do I use it?

**PROscrub** is effective on the following:

- Bitumen
- Dirt
- Soap scum
- Grime
- Grout
- Showers
- Flooring
- Industrial Equipment

How is PROscrub safe for people & planet?

- **NSF-certified** safe for use around food
- SDS safety rating better than most deep cleaners and degreasers.
